PROFESSIONAL PROFILE

*Student in **Computer Engineering and Information Systems** at the **Faculty of Sciences of Monastir**, passionate about web development, mobile, and innovative technologies. Solid programming skills in logical design, using a rigorous approach that prioritizes results. Continuous learning, innovation, team spirit, rigor, and creativity characterize my way of working on projects with a strong technological impact.*

SKILLS

Programming Languages :

Python, Java, JEE, C++, C#, C, JavaScript , HTML , CSS, XML,Flutter , React js

Frameworks & Technologies :

Django , Flutter , React , Node.js , REST API , Spring boot

Databases :

MySQL , SQLite , PostgreSQL , Mongo DB

Cloud & DevOps :

AWS EC2, AWS CloudFormation

Tools :

VS Code , IntelliJ IDEA , Android studio , Eclipse , Netbeans

EDUCATION

Lycée Ali Bourguiba Kalaa Kebira
Mathematics Baccalaureate — **2022–2023**

Faculty of Sciences of Monastir — **2023–2026**
Bachelor's Degree in Computer Engineering and Information Systems

PERSONAL PROJECTS

Edu Code – E-Learning Plateform (Full-Stack)

Technologies: php, HTML, CSS, JavaScript, Python

- Development of an online learning platform application.
- Integration of courses, quizzes, certificates, and practical projects.
- Objective: Making quality, accessible education available to everyone.
- Link: mbarekoussama.github.io/edu-code-/

WJob – Recruitment Platform (Full-Stack)

Technologies: *Flutter, Django, REST API*
- *Development of a mobile application connecting recruiters and candidates.*
- *Management of candidate profiles and analytical dashboards.*
- *Objective: Simplifying and modernizing the recruitment process.*
- *Link: github.com/mbarekoussama/WJob-develop*

CERTIFICATION

- **AWS CloudFormation** – Introduction to Amazon EC2
- **AWS CloudFormation –** Introduction to Amazon Simple Storage Service (S3)
- **Flutter** – Development of cross-platform mobile applications

INTERESTS

Web development and mobile | Artificial intelligence | Cloud computing | Robotics | Technological innovation
